RE: EQT Gathering, LLC
PEB-1396 Pipe Removal

Mr. Wellings,

Pursuant to the requirements of the Doddridge County Flood plain Ordinance, EQT Gathering, LLC is submitting this letter to request concurrence to complete a project in Doddridge County, West Virginia. EQT is proposing to remove the leaking section of the 2-inch PEB-1396 pipeline from the banks of Meathouse Fork near New Milton. The approximate location of the removal is 39.24820, -80.69546. Please see the attached Project Location Map.

EQT intends to use existing drives from Route 18 to gain access to the Project area. The leaking pipeline will be cut and capped at each end at the stream bank. The pipeline will then be lifted out of the stream channel and disposed of at a proper location. EQT will complete this work during low flow time periods as to not disturb the stream bed or water quality as per our consultations with the West Virginia Division of Natural Resources. A picture of the Project site is attached for your reference. During the course of this work, no fill material will be placed in or removed from the stream or flood plain area. It is anticipated that only 2 days will be needed to complete the necessary pipe removal.

EQT is requesting your concurrence to remove the leaking pipeline as soon as possible. Please feel free to contact me at 304-848-0061 or at mlandfried@eqt.com should you have any questions or comments.

Sincerely,

Megan E. Landfried
