RE: Floodplain Development Permit Application
Dominion Resources, Inc.
Long Run Tap Project
Doddridge County, West Virginia

Dear Mr. Wriston:

Dominion Resources, Inc. (Dominion) is pleased to submit the enclosed Doddridge County Floodplain Development Permit Application for the proposed Long Run Tap Project in Doddridge County, West Virginia (WV).

The Project consists of the maintenance of the existing Long Run natural gas receipt tap on a segment of existing natural gas transmission pipeline (TL-360) currently operating in Doddridge County, WV. The Long Run Tap maintenance will take place within Dominion's existing right-of-way (ROW) and will disturb approximately 0.37-acre within the proposed limit of disturbance (LOD). The current land use of the area is as an existing and maintained natural gas pipeline ROW. The Project includes the installation of a permanent access road from County Route (CR) 38, helical pilings to support the existing tap, and construction fencing around the existing tap. Access to the work area will be via a rock construction entrance (RCE) which will remain part of the permanent access road off of CR 38. Flood Insurance Rate Map Information (FIRM Panel) obtained from the Federal Emergency Management Agency (FEMA) shows that approximately 20 feet of the access road is located in the FEMA Flood Zones subject to a one percent chance flood event (100 year flood or Base Flood). Construction activities within the floodplain of an unnamed tributary to Long Run will include the installation of the RCE for the access road to the existing tap site, installed to match existing elevation.

Approximately 0.05-acre of a palustrine-emergent wetland is located within the proposed Limit of Disturbance (LOD), but the wetland is outside of the floodplain. An unnamed tributary to Long Run is adjacent to the LOD, but it will not be crossed or impacted by the LOD. Perimeter erosion and sediment controls will be installed and maintained.

A Project Location Map, Flood Hazard Map and Floodplain Project Map are included with the enclosed permit application. The Flood Hazard and Floodplain Project maps show the approximate location of the floodplain relative to the project area.

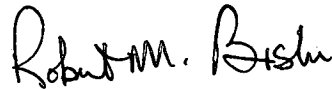

Dominion is requesting your review and approval of the Project.

Should you have any questions or require further information, please do not hesitate to contact Frank Canneto at (804) 335-4923 or Francisco.Canneto@dom.com.
