Doddridge County, West Virginia
Thrasher Group Project # 101-010-0748***

Mr. Wristen:

On behalf of Antero Resources Corporation (Antero), The Thrasher Group, Inc. (Thrasher) is submitting to your office a project review request for a proposed access road project in the USGS Big Isaac 7.5 minute quadrangle of Doddridge County, West Virginia. The proposed Marsden Slip Repair Access Road Project will consist of upgrading and extending an existing access road in order to allow construction equipment access to repair two (2) earthen landslides (slips).

The proposed Martin Slip Repair Access Road entrance will be located at approximate coordinates 39.246371°N and 80.597593°W. From there, it extends approximately 580 linear feet (LF) south to approximate coordinates 39.244889°N and 80.598119°W; where, the road will split to the west (1,960 linear feet) and east (3,175 linear feet) in order to reach the two slip locations at approximate coordinates 39.240948°N and 80.601613°W and 39.243340°N and 80.591166°W, respectively.

Approximately 560 linear feet of the existing access road is located within the floodplain. No grading activities will take place within the floodplain and upgrades will consist of placing surface gravel on the existing road. No impacts to the 100-year flood elevations, floodway elevations, or floodway widths on Greenbrier Creek are proposed due to the size and nature of the project. Additionally, impact to backwaters would be negligible. Please see attached documentation, as well as PE signature and stamp below.
