Project E150812.02

Mr. George Eidell  
Doddridge County Floodplain Manager  
Doddridge County Commission  
118 East Court Street  
West Union, West Virginia 26456

**Floodplain Development Permit Application  
EQT Gathering, LLC  
MOPA-S009 Pipeline Project  
Doddridge County, West Virginia**

Dear Mr. Eidell:

GAI Consultants, Inc. (GAI), on behalf of EQT Gathering, LLC (EQT), is pleased to submit this cover letter with the enclosed Doddridge County Floodplain Development Permit Application for the proposed MOPA-S009 Pipeline Project (Project) located in Doddridge County, West Virginia.

The Project includes the installation of approximately 26,709 linear feet (LF) of 12-inch diameter natural gas gathering pipeline, construction of approximately 0.8 miles of proposed access road, and the upgrade of approximately 1.1 miles of existing access roads. An additional 0.5 miles of existing access road will be used to access the Project site, but no upgrades are proposed. Floodplain Project Maps showing the proposed pipeline, workspaces, access roads and limits of disturbance relative to the Federal Emergency Management Agency (FEMA) 100-year floodplain are included in Attachment 2. West Virginia Flood Tool Maps for this project have also been included in Attachment 3.

Within Doddridge County, the pipeline is proposed to cross a number of streams. Flood Insurance Rate Map information obtained from FEMA shows that there are three locations where these stream crossings are in a 100-year floodplain as delineated on FEMA mapping (see Attachment 4).

**FEMA Zone AE**

One of the proposed pipeline stream crossing locations is located on McElroy Creek within FEMA Flood Zone - AE (FIRM Panel 54017C0045C; see Attachment 4). No floodway is identified on the FIRM Panel in this location. The Zone AE designation indicates that a location is within the area subject to a one percent annual chance flood event (100-year flood or Base Flood) and that the Base Flood Elevations have been determined. Approximately 597 LF of the proposed pipeline, 2.51 acres of proposed temporary workspace, 240 LF of proposed temporary access roads and 715 LF of existing access road to be upgraded are located within the approximate Zone AE at this location. The proposed pipeline that will be situated within Zone AE will cross McElroy Creek at a location adjacent to WV Route 23, approximately 0.5 miles southeast of the intersection of WV Route 23 and County Route 4 (Broad Run Rd.) (Lat. 39.402634°, Long. -80.669428°; see Sheet 1 in Attachment 2 and Figure 1 in Attachment 3). An existing access road will be upgraded to allow access from WV Route 23 and will cross McElroy Creek. This proposed access road crossing is located on WV Route 23 approximately 0.15 miles south of the pipeline crossing (Lat. 39.401041°, Long. -80.671147°; see Sheet 1 in Attachment 2 and Figure 2 in Attachment 3).

Doddridge County FPM  
 108 Court Street, Ste. 1  
 West Union, WV 26456

Dear Sir or Ma'am,

You are receiving this letter because you have been identified as a land surface and/or mineral rights owner for property or adjacent property related to the proposed development project identified by the following page.

No action is required of you. This letter is simply to inform you of the proposed development.

If you would like to comment on this proposed project, or would like additional information, you may contact the Doddridge County Floodplain Manager at the above address.

Respectfully yours,

Doddridge County Floodplain Manager

**Floodplain Development Permit Application**  
**EQT Gathering, LLC**  
**MOPA-S009 Pipeline Project**  
**Doddridge County, West Virginia**

Dear Mr. Eidell:

GAI Consultants, Inc. (GAI), on behalf of EQT Gathering, LLC (EQT), is pleased to submit this cover letter with the enclosed Doddridge County Floodplain Development Permit Application for the proposed MOPA-S009 Pipeline Project (Project) located in Doddridge County, West Virginia.

The Project includes the installation of approximately 26,709 linear feet (LF) of 12-inch diameter natural gas gathering pipeline, construction of approximately 0.8 miles of proposed access road, and the upgrade of approximately 1.1 miles of existing access roads. An additional 0.5 miles of existing access road will be used to access the Project site, but no upgrades are proposed. Floodplain Project Maps showing the proposed pipeline, workspaces, access roads and limits of disturbance relative to the Federal Emergency Management Agency (FEMA) 100-year floodplain are included in Attachment 2. West Virginia Flood Tool Maps for this project have also been included in Attachment 3.

Within Doddridge County, the pipeline is proposed to cross a number of streams. Flood Insurance Rate Map information obtained from FEMA shows that there are three locations where these stream crossings are in a 100-year floodplain as delineated on FEMA mapping (see Attachment 4).

**FEMA Zone AE**

One of the proposed pipeline stream crossing locations is located on McElroy Creek within FEMA Flood Zone – AE (FIRM Panel 54017C0045C; see Attachment 4). No floodway is identified on the FIRM Panel in this location. The Zone AE designation indicates that a location is within the area subject to a one percent annual chance flood event (100-year flood or Base Flood) and that the Base Flood Elevations have been determined. Approximately 597 LF of the proposed pipeline, 2.51 acres of proposed temporary workspace, 240 LF of proposed temporary access roads and 715 LF of existing access road to be upgraded are located within the approximate Zone AE at this location. The proposed pipeline that will be situated within Zone AE will cross McElroy Creek at a location adjacent to WV Route 23, approximately 0.5 miles southeast of the intersection of WV Route 23 and County Route 4 (Broad Run Rd.) (Lat. 39.402634°, Long. -80.669428°; see Sheet 1 in Attachment 2 and Figure 1 in Attachment 3). An existing access road will be upgraded to allow access from WV Route 23 and will cross McElroy Creek. This proposed access road crossing is located on WV Route 23 approximately 0.15 miles south of the pipeline crossing (Lat. 39.401041°, Long. -80.671147°; see Sheet 1 in Attachment 2 and Figure 2 in Attachment 3).

Construction activities that will take place within the floodplain at this location include the installation of the underground pipeline, temporary waterbars for surface water control, trench plugs for open trench water control, trench breakers for subsurface water control following pipeline installation, upgrade of an existing access road, and construction of temporary access roads for project location access.

An existing road currently crosses McElroy Creek via a ford crossing of the stream. For installation of the pipeline, a temporary air bridge crossing will be utilized at this location. This air bridge will be constructed using wooden mats supported on metal flume pipes. A minimum of two flume pipes will be required to construct the crossing. The flume pipes will be set within the stream. It is anticipated that the bridge will be in place for approximately eight (8) months.

The McElroy Creek pipeline crossing is intended to be bored using horizontal directional drilling (HDD) techniques and the stream will not be disturbed by construction of the pipeline. Of the approximately 597 LF of pipeline proposed to be installed within Zone AE at this location, approximately 85 LF of pipeline will be installed using trenching methods. The remaining length will be installed using the HDD techniques.

In the event that issues are encountered during construction of the HDD crossing, the pipeline crossing will be open cut. If an open cut crossing is used, a temporary cofferdam will be constructed within the stream to create a dry work area. An air bridge will be constructed within the proposed ROW to allow construction equipment to cross. This air bridge will be constructed in the same manner as the access road crossing described above. If an open cut crossing is required, construction of the crossing will be scheduled to occur during periods of low stream flow. The contractor and EQT will monitor the weather forecast prior to and during construction of the crossing. The pipeline trench is to be backfilled within 24-hours of first disturbance. Permanent stream bank stabilization will occur immediately upon installation, backfilling, and grading at the stream crossing.

Following installation of the pipeline within the floodplain, the trench will be backfilled and compacted to approximate original contours and the area will be returned to approximate original surface conditions with no permanent above ground structures and no permanent encroachment or net fill placement within the floodplain. All access roads and stabilized construction entrances within the floodplain will be constructed level with the existing ground surface by removing topsoil and placing gravel to bring the top of gravel surface elevation even with the existing surface. All excess material shall be placed outside of the floodplain area. Any fill placed within the limits of the floodplain shall not exceed the original elevations.

#### **FEMA Zone A**

Flood Insurance Rate Map information obtained from the FEMA shows that two other portions of the project area are within FEMA Flood Zone – A (FIRM Nos. 54017C0045C and 54017C0130C; see Attachment 4). The Zone A designation indicates that a location is within the area subject to a one percent annual chance flood event (100-year flood or Base Flood), but the Base Flood Elevations have not been determined.

The proposed pipeline will cross Riggins Run at a location adjacent to County Route 5 (Riggins Run Rd.), approximately 0.8 mile southeast of the intersection of County Route 5 and WV 23 (Lat. 39.393404°, Long. -80.684433°; see Sheet 2 in Attachment 2 and Figure 3 in Attachment 3). Approximately 640 LF of the proposed pipeline, 1.43 acres of proposed temporary workspace and 225 LF of proposed temporary access road are located within the approximate Zone A at this location.

The proposed pipeline will end within the limits of the 100-year floodplain for Flint Run at an existing aboveground valve site location adjacent to County Route 3 (Big Flint Rd.), just east of the intersection of County Route 3 and County Route 3/10 (Brush Run Rd.) (Lat. 39.371339°, Long. -80.71886°; see Sheet 3 in Attachment 2 and Figure 4 in Attachment 4). Approximately 10 LF of the proposed pipeline and 0.11 acres of proposed temporary workspace are located within the approximate Zone A at this location.

Construction activities that will take place within Zone A at these two locations include the installation of the underground pipeline, temporary waterbars for surface water control, trench plugs for open trench water control, trench breakers for subsurface water control following pipeline installation, and temporary access roads for project location access.

Temporary workspaces and a temporary bridge crossing will be utilized to construct the pipeline stream crossing of Riggins Run. This bridge will be located within the Zone A floodplain identified on the FIRM map. It is anticipated that the bridge will be in place for approximately eight (8) months.

Following installation of the pipeline within the floodplain, the trench will be backfilled and compacted to approximate original contours and the area will be returned to approximate original surface conditions with no new permanent aboveground structures and no permanent encroachment or net fill placement within the floodplain. All access roads and stabilized construction entrances within the floodplain will be constructed level with the existing ground surface by removing topsoil and placing gravel to bring the top of gravel surface elevation even with the existing surface. All excess material shall be placed outside of the floodplain area. Any fill placed within the limits of the floodplain shall not exceed the original elevations.

### Summary

The proposed pipeline construction will include three locations where the proposed pipeline will be constructed within the 100-year floodplain as identified on FEMA mapping. Since there will be no permanent encroachment to the floodplain, as there will be no fill placed to exceed existing elevations, all temporary obstructions will be removed upon completion of construction, and existing surfaces will be returned to pre-project conditions, there will be no increase in 100-year flood elevations anticipated in McElroy Creek, Riggins Run, or Flint Run upon completion of the project.

A check (No. 402272) in the amount of \$1,250.00 for the permit application fee is also enclosed.

If you have any questions or need additional information, please contact me at (304) 926-8100 or at [m.tanner@gaiconsultants.com](mailto:m.tanner@gaiconsultants.com). Matt Hoover with EQT Gathering, LLC may be contacted at (724) 873-3009 or via email at [MHoover@eqt.com](mailto:MHoover@eqt.com).

Sincerely,

# DODDRIDGE COUNTY FLOODPLAIN DEVELOPMENT PERMIT APPLICATION

## SECTION 1: GENERAL PROVISIONS (APPLICANT TO READ AND SIGN)

1. No work may start until a permit is issued.
2. The permit may be revoked if any false statements are made herein.
3. If revoked, all work must cease until permit is re-issued.
4. Development shall not be used or occupied until a Certificate of Compliance is issued.
5. The permit will expire if no work is commenced within six months of issuance.
6. Applicant is hereby informed that other permits may be required to fulfill local, state, and federal requirements.
7. Applicant hereby gives consent to the Floodplain Administrator/Manager or his/her representative to make inspections to verify compliance.
8. **I THE APPLICANT CERTIFY THAT ALL STATEMENTS HEREIN AND IN ATTACHMENTS TO THIS APPLICATION ARE, TO THE BEST OF MY KNOWLEDGE, TRUE AND ACCURATE.**

APPLICANT'S SIGNATURE 

DATE 11-16-15

## SECTION 2: PROPOSED DEVELOPMENT (TO BE COMPLETED BY APPLICANT).

IF THE APPLICANT IS NOT A NATURAL PERSON, THE NAME, ADDRESS, AND TELEPHONE NUMBER OF A NATURAL PERSON WHO SHALL BE APPOINTED BY THE APPLICANT TO RECEIVE NOTICE PURSUANT TO ANY PROVISION OF THE CURRENT DODDRIDGE COUNTY FLOODPLAIN ORDINANCE.

APPLICANT'S NAME:     EQT Gathering, LLC  
                                   Attn: Matthew Hoover, Sr. Env. Coordinator

ADDRESS: 555 Southpointe Blvd., Suite 200, Canonsburg, PA 15317

TELEPHONE NUMBER: (724) 873-3009

**D. ADJACENT AND/OR AFFECTED LANDOWNERS:**

1. NAME AND ADDRESS OF ALL OWNERS OF SURFACE TRACTS ADJACENT TO THE AREA OF THE SURFACE TRACT (UP & DOWN STREAM) UPON WHICH THE PROPOSED ACTIVITY WILL OCCUR AND ALL OTHER SURFACE OWNERS UP & DOWN STREAM) WHO OWN PROPERTY THAT MAY BE AFFECTED BY FLOODING AS IS DEMONSTRATED BY A FLOODPLAIN STUDY OR SURVEY (IF ONE HAS BEEN COMPLETED.

---

To avoid delay in processing the application, please provide enough information to easily identify the project location.

**DESCRIPTION OF WORK (CHECK ALL APPLICABLE BOXES)**

**A. STRUCTURAL DEVELOPMENT**

<u>ACTIVITY</u>		<u>STRUCTURAL TYPE</u>	
<input type="checkbox"/>	New Structure	<input type="checkbox"/>	Residential (1 – 4 Family)
<input type="checkbox"/>	Addition	<input type="checkbox"/>	Residential (more than 4 Family)
<input type="checkbox"/>	Alteration	<input type="checkbox"/>	Non-residential (floodproofing)
<input type="checkbox"/>	Relocation	<input type="checkbox"/>	Combined Use (res. & com.)
<input type="checkbox"/>	Demolition	<input type="checkbox"/>	Replacement
<input type="checkbox"/>	Manufactured/Mobil Home		

**B. OTHER DEVELOPMENT ACTIVITIES:**

- Fill             Mining             Drilling             Pipelining
- Grading
- Excavation (except for STRUCTURAL DEVELOPMENT checked above)
- Watercourse Alteration (including dredging and channel modification)
- Drainage Improvements (including culvert work)
- Road, Street, or Bridge Construction
- Subdivision (including new expansion)
- Individual Water or Sewer System
- Other (please specify)
- 

**C. STANDARD SITE PLAN OR SKETCH**

1. SUBMIT ALL STANDARD SITE PLANS, IF ANY HAVE BEEN PREPARED (ENGINEERING PLANS MUST BE SIGNED AND SEALED).
2. IF STANDARD SITE PLANS HAVE NOT BEEN PREPARED:

SKETCH ON A SEPARATE 8 ½ X 11 INCH SHEET OF PAPER THE SHAPE AND LOCATION OF THE LOT. SHOW THE LOCATION OF THE INTENDED CONSTRUCTION OR LAND USE INDICATING BUILDING SETBACKS, SIZE & HEIGHT. IDENTIFY EXISTING BUILDINGS, STRUCTURES OR LAND USES ON THE PROPERTY.

**3. SIGN AND DATE THE SKETCH.**

**ACTUAL TOTAL CONSTRUCTION COSTS OF THE COMPLETE DEVELOPMENT/  
PROPOSED CONSTRUCTION PROJECT WITHIN THE FLOODPLAIN  
\$125,000**

**D. ADJACENT AND/OR AFFECTED LANDOWNERS:**

- 1. NAME AND ADDRESS OF ALL OWNERS OF SURFACE TRACTS ADJACENT TO THE AREA OF THE SURFACE TRACT (UP & DOWN STREAM) UPON WHICH THE PROPOSED ACTIVITY WILL OCCUR AND ALL OTHER SURFACE OWNERS UP & DOWN STREAM) WHO OWN PROPERTY THAT MAY BE AFFECTED BY FLOODING AS IS DEMONSTRATED BY A FLOODPLAIN STUDY OR SURVEY (IF ONE HAS BEEN COMPLETED.**

**E. CONFIRMATION FORM**

THE APPLICANT ACKNOWLEDGES, AGREES, AND CONFIRMS THAT HE/IT WILL PAY WITHIN 30 DAYS OF RECEIPT OF INVOICE BY THE COUNTY FOR ALL EXPENSES RELATIVE TO THE PERMIT APPLICATION PROCESS GREATER THAN THE REQUIRED DEPOSIT FOR EXPENSES INCLUDING:

- (A) PERSONAL SERVICE OF PROCESS BY THE DODDRIDGE COUNTY SHERIFF AT THE RATES PERMITTED BY LAW FOR SUCH SERVICE.
- (B) SERVICE BY CERTIFIED MAIL RETURN RECEIPT REQUESTED.
- (C) PUBLICATION.
- (D) COURT REPORTING SERVICES AT ANY HEARINGS REQUESTED BY THE APPLICANT.
- (E) CONSULTANTS AND/OR HEARING EXPERTS UTILIZED BY DODDRIDGE COUNTY FLOODPLAIN ADMINISTRATOR/MANAGER OR FLOODPLAIN APPEALS BOARD FOR REVIEW OF MATERIALS AND/OR TESTIMONY REGARDING THE EFFICACY OF GRANTING OR DENYING THE APPLICANT'S FLOODPLAIN PERMIT.

NAME (PRINT): Matthew Hoover, Sr. Environmental Coordinator

SIGNATURE:  DATE: 11-16-15

After completing SECTION 2, APPLICANT should submit form and fees to Clerk of Doddridge County Court or his/her representative for review.

**SECTION 3: FLOODPLAIN DETERMINATION (to be completed by Floodplain Administrator/Manager or his/her representative)**

**THE PROPOSED DEVELOPMENT:**

THE PROPOSED DEVELOPMENT IS LOCATED ON:

FIRM Panel: \_\_\_\_\_

Dated: \_\_\_\_\_

Is **NOT** located in a Specific Flood Hazard Area (Notify applicant that the application review is complete and **NO FLOODPLAIN DEVELOPMENT PERMIT IS REQUIRED**).

Is located in Special Flood Hazard Area.

FIRM zone designation \_\_\_\_\_

100-Year flood elevation is \_\_\_\_\_ NGVD .

Stream name \_\_\_\_\_.

Profile # \_\_\_\_\_.

Unavailable

The proposed development is located in a floodway.

See section 4 for additional instructions.

**SIGNED** \_\_\_\_\_ **DATE** \_\_\_\_\_

**SECTION 4: ADDITIONAL INFORMATION REQUIRED FOR DEVELOPMENT IN SPECIAL FLOOD HAZARD AREA (To be completed by Floodplain Administrator/Manager or his/her representative)**

The applicant must submit the documents checked below before the application can be processed.

A plan showing the location of all existing structures, water bodies, adjacent roads and proposed development.

- Development plans, drawn to scale, and specifications, including where applicable: details for anchoring structures, storage tanks, proposed elevation of lowest floor, (including basement or crawl space), types of water resistant materials used below the first floor, details of flood proofing of utilities located below the first floor and details of enclosures below the first floor. Also \_\_\_\_\_  
\_\_\_\_\_
- Subdivision or other development plans (If the subdivision or development exceeds 10 lots or 2 acres, whichever is the lesser, the applicant must provide 100-year flood elevations if they are not otherwise available).
- Plans showing the extent of watercourse relocation and/or landform alterations.
- Top of new fill elevation \_\_\_\_\_ Ft. NGVD.  
For floodproofing structures applicant must attach certification from registered engineer or architect.
- Certification from a registered engineer that the proposed activity in a regulatory floodway will not result in any increase in the height of the 100-year flood. A copy of all data and calculations supporting this finding must also be submitted.
- Manufactured homes located in a Flood Hazard Area must have a West Virginia Contractor's License and a Manufactured Home Installation License as required by the Federal Emergency Management Agency (FEMA).
- Other: \_\_\_\_\_

**SECTION 5: PERMIT DETERMINATION (To be completed by Floodplain Administrator/Manager or his/her representative)**

I have determined that the proposed activity **(type is or is not)** in conformance with provisions of the Floodplain Ordinance adopted by the County Commission of Doddridge County on May 21, 2013. The permit is issued subject to the conditions attached to and made part of this permit.

SIGNED \_\_\_\_\_ DATE \_\_\_\_\_

If the Floodplain Administrator/Manager found that the above was not in conformance with the provisions of the Doddridge County Floodplain Ordinance and/or denied that application, the applicant may appeal.

APPEALS:   Appealed to the County Commission of Doddridge County?  Yes  No  
Hearing Date: \_\_\_\_\_  
County Commission Decision - Approved  Yes  No

CONDITIONS: \_\_\_\_\_

## The Doddridge Independent PUBLISHER'S CERTIFICATE

I, Michael D. Zorn, Publisher of The Doddridge Independent, A newspaper of general circulation published in the town of West Union, Doddridge County, West Virginia, do hereby certify that:

**Permit Application # 15-400**

Please take notice that on the 30th day of October, 2015

**EQT Gathering, LLC**

filed an application for a Floodplain Permit to develop land located at or about:

**EQT MOPA-S009 Pipeline Project**

**Location: 3 location-WV Rt.23 and Broad Run Rd-Riggins Run Rd and Big Flint Rd/Brush Run Rd**

**Received: 11/17/2015 • Announced: 12/01/2015**

**Publication Date: Week of 11/23/15**

**20-Day Comment Period Window (from Commission Meeting) 12/21/2015**

**90-Day Approval Window (from date of receipt) N/A**

**Project Description: Pipeline**

was published in The Doddridge Independent 2 times commencing on Friday, November 27, 2015 and Ending on Friday, December 4, 2015 at the request of:

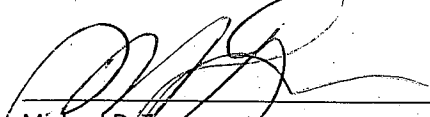

**George Eidel, Doddridge County Floodplain Manager & Doddridge County Commission**

Given under my hand this Monday, December 7, 2015

The publisher's fee for said publication is:

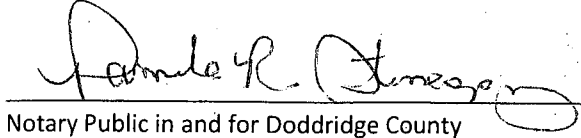

**\$ 25.27 1st Run/\$ 18.95 Subsequent Runs**

**This Legal Ad Total: \$ 44.22**
