## Doddridge County Floodplain Permits

(Week of August 16, 2021)

Please take notice that on the (12<sup>th</sup>) of (August), 2021, (Dominion Energy) filed an application for a Floodplain Permit (#21-597) to develop land located at or about (Central Station Road @ Sam Cavins Rd); Coordinates: 39.295538, -80.820049. The Application is on file with the Floodplain Manager of the County and may be inspected or copied during regular business hours in accordance to WV Code Chapter 29B Freedom of Information, Article 1 Public Records and county policy and procedures. Any interested persons who desire to comment shall present the same in writing by (September 6, 2021) (20 calendar days after the announcement at the regularly scheduled Doddridge County Commission Meeting) delivered to the Floodplain Manager of the County at 105 Court Street, Suite #3, West Union, WV 26456. This project is the Right Fork Run Pipeline Replacement Project

A handwritten signature in black ink, appearing to read "George C. Eidel".

**RE: Hope Gas, Inc. d/b/a Dominion Energy West Virginia  
Doddridge County Floodplain Office – Flood Hazard Area Project  
Notification  
REPL-RIGHT FORK RUN RD-M1656-400799777 - Pipeline Replacement  
Project**

Dear Mr. Eidel:

Hope Gas Inc., d/b/a/ Dominion Energy West Virginia (Dominion Energy) proposes the REPL-RIGHT FORK RUN RD-M1656-400799777 Pipeline Project (Project). This project proposes to replace approximately 4,900 linear feet of natural gas pipeline within new and existing right-of-way (ROW), in Doddridge County, West Virginia (WV). Dominion Energy will replace existing two-inch steel natural gas pipeline with two-inch medium density pressure plastic pipeline. The Project will utilize horizontal directional drill for majority of the project, except for performing an open cut on an unnamed tributary of Arnold Creek.

Majority of the pipeline replacement project is within the Federal Emergency Management Agency (FEMA) 100-Year Floodplain (Zone A) of Arnold Creek, totaling approximately 2,600 feet (0.49 miles) of pipeline. This pipeline replacement project will not alter the existing contours during construction and will be reclaimed to pre-existing conditions upon completion of the project.

The following documents are enclosed for your review:

- Doddridge County Floodplain Development Permit Application
- No Rise Certification
- Figure 1: USGS Location Map
- WV Flood Map
- Permit Fees (Check in the amount of **\$2,250.00**) (Cost of Project: **\$351,838.85**)

Mr. George Eidel  
August 10, 2021

## **Doddridge County, WV**

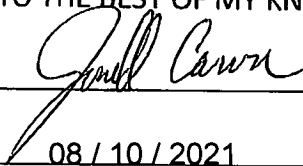

### **Floodplain Development Permit Application**

This document is to be used for projects that impact/potentially impact the FEMA—designated floodplain and/or floodway of Doddridge County, WV pursuant to the rules and regulations established by all applicable Federal, State and local laws and ordinances, including the Doddridge County Floodplain Ordinance.

#### SECTION 1: GENERAL PROVISIONS (APPLICANT TO READ AND SIGN)

1. No work may start until a permit is issued.
2. The permit may be revoked if any false statements are made herein.
3. If revoked, all work must cease until permit is re-issued.
4. Development shall not be used or occupied until a Certificate of Compliance is issued.
5. The permit will expire if no work is commenced within six months of issuance.
6. Applicant is hereby informed that other permits may be required to fulfill local, state, and federal requirements.
7. Applicant hereby gives consent to the Floodplain Administrator/Manager or his/her representative to make inspections to verify compliance.
8. I THE APPLICANT CERTIFY THAT ALL STATEMENTS HEREIN AND IN ATTACHMENTS TO THIS APPLICATION ARE, TO THE BEST OF MY KNOWLEDGE, TRUE AND ACCURATE.

## Site Plan

**A Site Plan is an accurate and detailed map of the proposed development for this project.** It shows the size, shape, location and special features of the project property, and the size and location of any development planned to the property, especially as that development will impact the floodplain and/or floodway. Site plans show what currently exists on the project property, and any changes or improvements you are proposing to make. **A certified and licensed engineering firm should complete site plans.**

### **A SITE PLAN MUST CONTAIN THE FOLLOWING INFORMATION:**

1. Legal description of the parcel, north arrow and scale
2. All property lines and their dimensions
3. Names of adjacent roads, location of driveways
4. Location of sloughs, tributaries, streams, rivers, wetlands, ponds, and lakes, with setbacks indicated, and including FEMA floodplain data based on most updated FIRM.
5. Location, size, shape of all buildings, existing and proposed, with elevation of lowest floor indicated.
6. Location and dimensions of existing or proposed on-site sewage systems.
7. Location of all propane tanks, fuel tanks or other liquid storage tanks whether above ground or below ground level.
8. Location and dimensions of any proposed pipeline placement(s) into floodplain/floodway.
9. Location and dimensions of any roadway development into floodplain/floodway. *(Includes initial development access roads)*
10. Location and dimensions of any bridge and/or culvert development into floodplain/floodway.
11. Location and dimensions of any storage yard or facility into the floodplain/floodway.
12. Location of any existing utilities and/or proposed utility placement and/or displacement.
13. Location, dimensions and depth of any existing or proposed fill on site.
14. A survey showing the **existing ground elevations** of at least location on the building site. **ELEVATION NOTE:** All vertical datum will reference either NGVD 29 or NAVD 88. Assumed datum will not be acceptable unless the property is located in an area where vertical datum has not been published. For those areas where vertical datum has not been established, a site plan with contours, elevations using assumed datum, high water marks and existing water levels of sloughs, rivers, lakes or streams and proposed lowest floor elevation.

## Applicant

Please read print name, sign and date below:

- I certify that I am authorized to submit this application for the primary project developer.
- I certify that the information included in this application is to the best of my knowledge true and complete.
- I certify that all required Federal, State, and local permits required by law and/or ordinance for the above described development of this project have been properly attained, are current and valid, and must be presented with this application before a Doddridge County Floodplain Permit may be issued.
- I understand that if in the course of the development project additional permits become required that were not needed during the initial proposal, the primary developer must notify the Doddridge County Floodplain Manager within 48 hours of such need, and that a "Stop Work" order may be issued for all project work directly impacting the floodplain or floodway, until such time the required additional permits are acquired.
- I understand that once the floodplain permit is submitted, the application will be entered into official public record at the next regularly scheduled Doddridge County Commission meeting after the date of submittal.
- I understand that from the date of submittal of the fully completed permit application, the Doddridge County Floodplain Manager has ninety (90) days to make a determination to either grant or deny said permit application. During this approval period, the Doddridge County Floodplain Manager may, at his or her discretion, conduct a review and/or additional study of provided documentation by means of an independent engineering firm. All costs associated with said review and/or study must be reimbursed to the County before issuance of approved permit.
- I understand that during the approval period, the Doddridge County Floodplain Manager or designee may at his or her discretion conduct site visits and document conditions of proposed development pursuant to the permit application.
- I understand that once the Floodplain Permit is granted, the permit will be entered into official public record at the next scheduled Doddridge County Commission meeting after the date of issuance. Appeals to the permit may be made no later than twenty (20) days after said issuance. If a valid appeal is submitted, as determined by the Doddridge County Floodplain Manager, a "Stop Work" order will be issued for all project development directly involving the floodplain or floodway. A public hearing by the Doddridge County Appeals Board will be scheduled no less than ten (10) days after the next regularly scheduled Doddridge County Commission meeting.
- I understand that all decisions of the Doddridge County Appeals Board shall be final.
- **I understand issuance of a Floodplain Permit authorizes me to proceed with construction as proposed. A Certificate of Compliance is required upon substantial completion of the project.**
- In signing this application, the primary developer hereby grants the Doddridge County Floodplain Manager or designee the right to enter onto the above—described location to inspect the development work proposed, in progress, and/or completed.
- I understand that if I do not follow exactly the site—plan submitted and approved by this permit that a "Stop Work" order may be issued by the Wirt County Floodplain Manager and that I must stop all construction immediately until discrepancies of actual work vs. proposed work is resolved.

## No Rise Certificate

Dominion Energy is certifying that the proposed REPL-RIGHT FORK RUN RD-M1656-400799777 Pipeline Replacement Project will not impact the 100-year flood elevations and floodway widths on Arnold Creek in the Project vicinity. No additional fill will be placed in the floodway, and all pre-construction contours will be restored upon project completion.

**RE: Hope Gas, Inc. d/b/a Dominion Energy West Virginia  
Doddrige County Floodplain Office – Flood Hazard Area Project  
Notification  
REPL-RIGHT FORK RUN RD-M1656-400799777 - Pipeline Replacement  
Project**

Dear Mr. Eidel:

Hope Gas Inc., d/b/a/ Dominion Energy West Virginia (Dominion Energy) proposes the REPL-RIGHT FORK RUN RD-M1656-400799777 Pipeline Project (Project). This project proposes to replace approximately 4,900 linear feet of natural gas pipeline within new and existing right-of-way (ROW), in Doddrige County, West Virginia (WV). Dominion Energy will replace existing two-inch steel natural gas pipeline with two-inch medium density pressure plastic pipeline. The Project will utilize horizontal directional drill for majority of the project, except for performing an open cut on an unnamed tributary of Arnold Creek.

Majority of the pipeline replacement project is within the Federal Emergency Management Agency (FEMA) 100-Year Floodplain (Zone A) of Arnold Creek, totaling approximately 2,600 feet (0.49 miles) of pipeline. This pipeline replacement project will not alter the existing contours during construction and will be reclaimed to pre-existing conditions upon completion of the project.

The following documents are enclosed for your review:

- Doddrige County Floodplain Development Permit Application
- No Rise Certification
- Figure 1: USGS Location Map
- WV Flood Map
- Permit Fees (Check in the amount of **\$2,250.00**) (Cost of Project: **\$351,838.85**)
