Dear Sir or Ma'am,

October 25, 2021

You are receiving this letter because you have been identified as a land surface and/or mineral rights owner for property or adjacent property related to the proposed development/project identified by the following page.

No action is required of you. This letter is simply to inform you of the proposed development.

If you would like to comment on this proposed project, or would like additional information, you may contact the Doddridge County Floodplain Manager at the above address.

Respectfully yours,

A handwritten signature in cursive script, appearing to read 'George Eidel'.

George Eidel, CFM, OEM Director/Floodplain Manager

Floodplain Development Permit Application

This document is to be used for projects that impact/potentially impact the FEMA---designated floodplain and/or floodway of Doddridge County, WV pursuant to the rules and regulations established by all applicable Federal, State and local laws and ordinances, including the Doddridge County Floodplain Ordinance.

SECTION 1: GENERAL PROVISIONS (APPLICANT TO READ AND SIGN)

1. No work may start until a permit is issued.
2. The permit may be revoked if any false statements are made herein.
3. If revoked, all work must cease until permit is re-issued.
4. The permit will expire if no work is commenced within six months of issuance.
5. Applicant is hereby informed that other permits may be required to fulfill local, state, and federal requirements.
6. Applicant hereby gives consent to the Floodplain Administrator/Manager or his/her representative to make inspections to verify compliance.
7. I THE APPLICANT CERTIFY THAT ALL STATEMENTS HEREIN AND IN ATTACHMENTS TO THIS APPLICATION ARE, TO THE BEST OF MY KNOWLEDGE, TRUE AND ACCURATE.

Doddridge County Commercial/Industrial
Floodplain Development Permit Application

Project Narrative:

Describe in detail the proposed development including project name/title, type of development, estimated start and completion timeline, and its potential impact on the floodplain. Use additional copies of this page as needed.

Project Narrative:
Antero Resources Corporation (Antero) is proposing to patch cracks and holes and perform milling and surface restoration of various areas along Holbrook Road and Grove Summers Road in Doddridge and Ritchie Counties, West Virginia (WV), known as the Holbrook Road Paving Project (Project). The Project will improve the county road, which will allow Antero to develop current and future Antero-operated sites in the area. In Doddridge County, the western terminus of the Project is located at 39.15549, -80.83946 and the eastern terminus is located at 39.15790, -80.82881, which is on Grove Summers Road (CR-52).
The proposed work will occur within the existing county roadway and will encroach upon the regulated floodplain at various locations as shown on the attached floodplain map (Attachment C). Within the floodplain, construction activities will consist of removing existing pavement and replacing it with an approximate 1.0-inch overlay of new pavement.
Antero has an agreement in place with the WV Division of Highways to perform the proposed work. No other state or federal permits are required for this Project.

Floodplain Development Permit Application

Proposed Development:

Please check all elements of the proposed project that apply.

DESCRIPTION OF WORK (CHECK ALL APPLICABLE BOXES)

A. STRUCTURAL DEVELOPMENT

<u>ACTIVITY</u>	<u>STRUCTURAL TYPE</u>
<input type="checkbox"/> New Structure	<input type="checkbox"/> Residential (1 – 4 Family)
<input type="checkbox"/> Addition	<input type="checkbox"/> Residential (more than 4 Family)
<input type="checkbox"/> Alteration	<input type="checkbox"/> Non-residential (floodproofing)
<input type="checkbox"/> Relocation	<input type="checkbox"/> Combined Use (res. & com.)
<input type="checkbox"/> Demolition	<input type="checkbox"/> Replacement
<input type="checkbox"/> Manufactured/Mobil Home	

B. OTHER DEVELOPMENT ACTIVITIES:

- Fill Mining Drilling Pipelining
- Grading
- Excavation (except for STRUCTURAL DEVELOPMENT checked above)
- Watercourse Alteration (including dredging and channel modification)
- Drainage Improvements (including culvert work)
- Road, Street, or Bridge Construction
- Subdivision (including new expansion)
- Individual Water or Sewer System
- Other (please specify)

Site Plan

A Site Plan is an accurate and detailed map of the proposed development for this project. It shows the size, shape, location and special features of the project property, and the size and location of any development planned to the property, especially as that development will impact the floodplain and/or floodway. Site plans show what currently exists on the project property, and any changes or improvements you are proposing to make. **A certified and licensed engineering firm should complete site plans.**

A SITE PLAN MUST CONTAIN THE FOLLOWING INFORMATION:

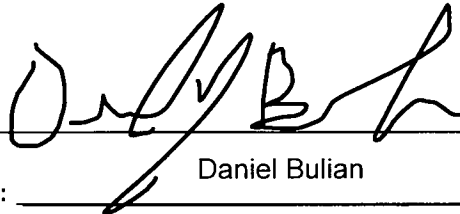

1. Legal description of the parcel, north arrow and scale
2. All property lines and their dimensions
3. Names of adjacent roads, location of driveways
4. Location of sloughs, tributaries, streams, rivers, wetlands, ponds, and lakes, with setbacks indicated, and including FEMA floodplain data based on most updated FIRM.
5. Location, size, shape of all buildings, existing and proposed, with elevation of lowest floor indicated.
6. Location and dimensions of existing or proposed on-site sewage systems.
7. Location of all propane tanks, fuel tanks or other liquid storage tanks whether above ground or below ground level.
8. Location and dimensions of any proposed pipeline placement(s) into floodplain/floodway.
9. Location and dimensions of any roadway development into floodplain/floodway. *(Includes initial development access roads)*
10. Location and dimensions of any bridge and/or culvert development into floodplain/floodway.
11. Location and dimensions of any storage yard or facility into the floodplain/floodway.
12. Location of any existing utilities and/or proposed utility placement and/or displacement.
13. Location, dimensions and depth of any existing or proposed fill on site.
14. A survey showing the **existing ground elevations** of at least location on the building site. **ELEVATION NOTE:** All vertical datum will reference either NGVD 29 or NAVD 88. Assumed datum will not be acceptable unless the property is located in an area where vertical datum has not been published. For those areas where vertical datum has not been established, a site plan with contours, elevations using assumed datum, high water marks and existing water levels of sloughs, rivers, lakes or streams and proposed lowest floor elevation.

Applicant

Please read print name, sign and date below:

- I certify that I am authorized to submit this application for the primary project developer.
- I certify that the information included in this application is to the best of my knowledge true and complete.
- I certify that all required Federal, State, and local permits required by law and/or ordinance for the above described development of this project have will be properly attained, are current and valid, and must be presented prior to a Doddridge County Floodplain Permit being issued.
- I understand that if in the course of the development project additional permits become required that were not needed during the initial proposal, the primary developer must notify the Doddridge County Floodplain Manager within 48 hours of such need, and that a "Stop Work" order may be issued for all project work directly impacting the floodplain or floodway, until such time the required additional permits are acquired.
- I understand that once the floodplain permit is submitted, the application will be entered into official public record at the next regularly scheduled Doddridge County Commission meeting after the date of submittal.
- I understand that from the date of submittal of the fully completed permit application, the Doddridge County Floodplain Manager has ninety (90) days to make a determination to either grant or deny said permit application. During this approval period, the Doddridge County Floodplain Manager may, at his or her discretion, conduct a review and/or additional study of provided documentation by means of an independent engineering firm. All costs associated with said review and/or study must be reimbursed to the County before issuance of approved permit.
- I understand that during the approval period, the Doddridge County Floodplain Manager or designee may at his or her discretion conduct site visits and document conditions of proposed development pursuant to the permit application.
- I understand that once the Floodplain Permit is granted, the permit will be entered into official public record. Appeals to the permit may be made no later than twenty (20) days after said issuance. If a valid appeal is submitted, as determined by the Doddridge County Floodplain Manager, a "Stop Work" order will be issued for all project development directly involving the floodplain or floodway. A public hearing by the Doddridge County Appeals Board will be scheduled no less than ten (10) days after the next regularly scheduled Doddridge County Commission meeting.
- I understand that all decisions of the Doddridge County Appeals Board shall be final.
- **I understand issuance of a Floodplain Permit authorizes me to proceed with construction as proposed.**
- In signing this application, the primary developer hereby grants the Doddridge County Floodplain Manager or designee the right to enter onto the above---described location to inspect the development work proposed, in progress, and/or completed.
- I understand that if I do not follow exactly the site---plan submitted and approved by this permit that a "Stop Work" order may be issued by the Doddridge County Floodplain Manager and that I must stop all construction immediately until discrepancies of actual work vs. proposed work is resolved.

Hi George,

Antero Resources Corporation (Antero) is proposing to patch cracks and holes and perform milling and surface restoration of various areas along Holbrook Road in Doddridge and Ritchie Counties, WV. Within Doddridge County, the proposed work will occur within the existing DOH roadway and appears to occur within a regulated floodplain associated with Middle Fork (see screenshot below with floodplain in green and the road centerline in red). Once paving activities are complete, the road surface will be returned to the approximate original elevation and should not have an adverse effect on the floodplain. Can you please confirm if a floodplain permit is required to perform this work? In addition, if a floodplain permit is required, does a no-rise certification need to be provided since the road surface will be returned to approximate original elevation following paving activities?

Please address your response to Daniel Bulian of Antero. He is cc'd on the email and his contact information is provided below.

Daniel Bulian

Matt,

Yes can you fill out a permit application and send it along with a no rise certificate and fees.

Thanks,

George

George,

Do you have time for a quick call tomorrow to discuss the additional work we will be completing on Holbrook Rd? if so, would tomorrow (Wednesday) or Thursday morning work for you? Jeff McCauley (Antero Design Lead) is CC'd on the email and will be calling in so he can better explain aspects of the project. Let me know if you have availability and I will send out a Webex call in number. Thank you for your time.

Thanks,

Daniel Bulian, cPESC

George,

I wanted to touch base with you and see, if there wasn't any issues with the Floodplain application and review for Hollbrook Road paving, if you could expedite the permit approval so we can try to wrap up the paving before Holiday shut down? When we last talked, you disclosed that the review meeting was on the 26th and you would be able to get the permit out early November. Let me know if you have any questions.

Thanks,

Daniel Bulian, CPESC

Daniel,

I will be reading it at tomorrow's commission meeting, the permit will be approved on November 22, 2021. If there are any issues contact me.

George

Fri, Nov 5, 2021 at 1:11 PM

George,

I just tried giving you a call. Is there any chance that we could get a temp permit approval to move forward with the paving/repairs on Holbrook Rd? The reason for the urgency is that we are going on full construction shutdown on November 19th until January 3rd and the only way we can get this completed is to get started next week. We have approvals from Richie Co so we will be starting work there and don't want to stop at the county line. This wasn't in the original road upgrade scope and is more of a community project shared with another operator. Our hope was to have it completed for the area before the holidays. Any help on your end would be greatly appreciated. Email or call me with any questions or issues.

Daniel,

Not a problem, go ahead and get started. Everything is good and we have not gotten any comments on the project thus far since letters were sent out to landowners, put in both the local newspapers and read at the last commission meeting. Thank you for contacting me on this. Let me know if you need anything else.

George
