**RE: Hope Gas, Inc.
Doddridge County Floodplain Office-Flood Hazard Area Project Notification
REPL-S FORK HUGHES RIVER-H127-P401940072
Pipeline Replacement Project**

Dear Mr. Eidel:

Hope Gas Inc. (Hope Gas) proposes the REPL-S FORK HUGHES RIVER-H127-P401940072 Pipeline Replacement Project (Project). The Project proposes to replace approximately 480 linear feet of eight-inch bare steel natural gas pipeline with new six-inch plastic natural gas pipeline within Hope Gas's existing right-of-way (ROW) in Doddridge County, West Virginia (WV). Hope Gas will replace the existing eight-inch bare steel natural gas pipeline by inserting the new six-inch plastic pipeline inside of the eight-inch steel pipeline. This will reduce the overall project disturbance to small potholes along the alignment and workspaces at each end of the Project.

A Portion of the pipeline replacement project is within the Federal Emergency Management Agency (FEMA) 100-Year Floodplain (Zone A) of Unnamed Tributary 9 to South Fork Hughes River, totaling approximately 45 feet (0.01 miles) of pipeline. This pipeline replacement project will not alter the existing contours during construction and will be reclaimed to pre-existing conditions upon completion of the project.

The following documents are enclosed for your review:

- Doddridge County Floodplain Development Permit Application
- No Rise Certification
- Figure 1: USGS Location Map
- Figure 2: Floodplain Map
- WV Flood Tool Map
- Permit Fees (Check in the amount of \$250.00)

The approximate start date for this project is April 1, 2024, or as soon as this permit is issued. Please forward your response at your earliest possible convenience to the attention of:

Tyler Spear
Hope Gas, Inc.
179 Innovation Drive
Jane Lew, WV 26378

If you have any questions, please contact Tyler Spear at (304) 904-6091.

Doddridge County, WV

Floodplain Development Permit Application

This document is to be used for projects that impact/potentially impact the FEMA---designated floodplain and/or floodway of Doddridge County, WV pursuant to the rules and regulations established by all applicable Federal, State and local laws and ordinances, including the Doddridge County Floodplain Ordinance.

SECTION 1: GENERAL PROVISIONS (APPLICANT TO READ AND SIGN)

1. No work may start until a permit is issued.
2. The permit may be revoked if any false statements are made herein.
3. If revoked, all work must cease until permit is re-issued.
4. The permit will expire if no work is commenced within six months of issuance.
5. Applicant is hereby informed that other permits may be required to fulfill local, state, and federal requirements.
6. Applicant hereby gives consent to the Floodplain Administrator/Manager or his/her representative to make inspections to verify compliance.
7. I THE APPLICANT CERTIFY THAT ALL STATEMENTS HEREIN AND IN ATTACHMENTS TO THIS APPLICATION ARE, TO THE BEST OF MY KNOWLEDGE, TRUE AND ACCURATE.

Site Plan

A Site Plan is an accurate and detailed map of the proposed development for this project. It shows the size, shape, location and special features of the project property, and the size and location of any development planned to the property, especially as that development will impact the floodplain and/or floodway. Site plans show what currently exists on the project property, and any changes or improvements you are proposing to make. **A certified and licensed engineering firm should complete site plans.**

A SITE PLAN MUST CONTAIN THE FOLLOWING INFORMATION:

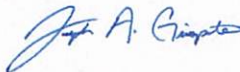

1. Legal description of the parcel, north arrow and scale
2. All property lines and their dimensions
3. Names of adjacent roads, location of driveways
4. Location of sloughs, tributaries, streams, rivers, wetlands, ponds, and lakes, with setbacks indicated, and including FEMA floodplain data based on most updated FIRM.
5. Location, size, shape of all buildings, existing and proposed, with elevation of lowest floor indicated.
6. Location and dimensions of existing or proposed on-site sewage systems.
7. Location of all propane tanks, fuel tanks or other liquid storage tanks whether above ground or below ground level.
8. Location and dimensions of any proposed pipeline placement(s) into floodplain/floodway.
9. Location and dimensions of any roadway development into floodplain/floodway. *(Includes initial development access roads)*
10. Location and dimensions of any bridge and/or culvert development into floodplain/floodway.
11. Location and dimensions of any storage yard or facility into the floodplain/floodway.
12. Location of any existing utilities and/or proposed utility placement and/or displacement.
13. Location, dimensions and depth of any existing or proposed fill on site.
14. A survey showing the **existing ground elevations** of at least location on the building site. **ELEVATION NOTE:** All vertical datum will reference either NGVD 29 or NAVD 88. Assumed datum will not be acceptable unless the property is located in an area where vertical datum has not been published. For those areas where vertical datum has not been established, a site plan with contours, elevations using assumed datum, high water marks and existing water levels of sloughs, rivers, lakes or streams and proposed lowest floor elevation.

Applicant

Please read print name, sign and date below:

- I certify that I am authorized to submit this application for the primary project developer.
- I certify that the information included in this application is to the best of my knowledge true and complete.
- I certify that all required Federal, State, and local permits required by law and/or ordinance for the above described development of this project have will be properly attained, are current and valid, and must be presented prior to a Doddridge County Floodplain Permit being issued.
- I understand that if in the course of the development project additional permits become required that were not needed during the initial proposal, the primary developer must notify the Doddridge County Floodplain Manager within 48 hours of such need, and that a "Stop Work" order may be issued for all project work directly impacting the floodplain or floodway, until such time the required additional permits are acquired.
- I understand that once the floodplain permit is submitted, the application will be entered into official public record at the next regularly scheduled Doddridge County Commission meeting after the date of submittal.
- I understand that from the date of submittal of the fully completed permit application, the Doddridge County Floodplain Manager has ninety (90) days to make a determination to either grant or deny said permit application. During this approval period, the Doddridge County Floodplain Manager may, at his or her discretion, conduct a review and/or additional study of provided documentation by means of an independent engineering firm. All costs associated with said review and/or study must be reimbursed to the County before issuance of approved permit.
- I understand that during the approval period, the Doddridge County Floodplain Manager of designee may at his or her discretion conduct site visits and document conditions of proposed development pursuant to the permit application.
- I understand that once the Floodplain Permit is granted, the permit will be entered into official public record. Appeals to the permit may be made no later than twenty (20) days after said issuance. If a valid appeal is submitted, as determined by the Doddridge County Floodplain Manager, a "Stop Work" order will be issued for all project development directly involving the floodplain or floodway. A public hearing by the Doddridge County Appeals Board will be scheduled no less than ten (10) days after the next regularly scheduled Doddridge County Commission meeting.
- I understand that all decisions of the Doddridge County Appeals Board shall be final.
- **I understand issuance of a Floodplain Permit authorizes me to proceed with construction as proposed.**
- In signing this application, the primary developer hereby grants the Doddridge County Floodplain Manager or designee the right to enter onto the above---described location to inspect the development work proposed, in progress, and/or completed.
- I understand that if I do not follow exactly the site---plan submitted and approved by this permit that a "Stop Work" order may be issued by the Doddridge County Floodplain Manager and that I must stop all construction immediately until discrepancies of actual work vs. proposed work is resolved.

No Rise Certificate

Hope Gas, Inc. is certifying that the proposed REPL-S FORK HUGHES RIVER-H127-P401940072 Pipeline Replacement Project will not impact the 100-year flood elevations, floodway elevations, and floodway widths on UNT 9 to South Fork Hughes River in the Project vicinity. No additional fill will be placed in the floodway, and all pre-construction contours will be restored upon project completion.

Floodplain Public Notice • Legal Notice

Please take notice that on the (27th) of (March), 2024, (Hope Gas) filed an application for a Floodplain Permit (#24-652) to develop land located at or about (2902 Freedom Road); Coordinates: 39.178403, -80. 762138. The Application is on file with the Floodplain Manager of the County and may be inspected or copied during regular business hours in accordance with WV Code Chapter 29B Freedom of Information, Article 1 Public Records and county policy and procedures. Any interested persons who desire to comment shall present the same in writing by (April 22, 2024) {20 calendar days after the announcement at the regularly scheduled Doddridge County Commission Meeting) delivered to the Floodplain Manager of the County at 101 Church Street, Suite #102, West Union, WV 26456. This project is a Pipeline replacement.
